ESNOC's 2012 goal is to get our members seizure control. The topics, with expert speakers, will address issues essential to controlling your epilepsy. Your monthly attendance will keep you focused and will further our community of informed, encouraged and connected members.

Jan 13 – Epilepsy in the New Year, CURE Overview

Dr. Tracy Salazar will be reporting on her trip to Baltimore, MD where she will have attended the American Epilepsy Society (AES) annual conference.

The American Epilepsy Society's Annual Meeting is the premiere meeting for epilepsy and other seizure disorders. The Annual meeting is an international forum for the exchange of current findings in epilepsy research. Information is communicated and disseminated through symposia, lectures, scientific exhibitions, poster and platform presentations.

Speaker: Dr. Tracy Salazar, Epilepsy Research Scientist
Board of Directors, Epilepsy Support Network and Research Review Board,
Citizens United for Research in Epilepsy (CURE)

The Letter of Appeal, these funds are critical in making it possible for us to develop and implement programs and services so our members can get seizure control.
